

Take my Rest

When I lay down to take my rest
sleepin' it don't come easy
When I lay down to take my rest
sleepin' don't come at all
Like an old bird sittin' on a nest
in the middle of a ragin' storm
When I lay down to take my rest
sleepin' don't come at all

Ooh ooh ooh ooh
standin' on the outside lookin' in
Ooh...standin' on the ooh ooh ooh
haven't heard the news since I don't know when
haven't heard the ooh ooh
I'm out of touch with the people and the
People and the places I see
come along good Lordy and set me free

When I lay down to take my rest
sleepin' it don't come easy
When I lay down to take my rest
sleepin' don't come at all
Like an old bird sittin' on a nest
in the middle of a ragin' storm
When I lay down to take my rest
sleepin' don't come at all

Ooh ooh ooh ooh
now and then I tilt my head to listen
Ooh...tilt my head to ooh ooh ooh
to the sound of a haunting memory
haunting memor ooh ooh
it cries out loud like its
lost out in a crowd
cryin' out for someone to set it free
